EXPERIENCE

Chalkboard Calligraphy & Illustration

2024

The Wine Reserve

Oregon, WI

When I moved to Oregon, WI, I knew I wanted to be locally involved. During my time getting to know folks around town, I started to do the local chalkboards for the wine bar (and local tap) in exchange for a glass.

Tattoo Illustration

I love to draw and learn, so when friends want tattoos drawn up, I can't say no!

INTERNSHIP

Graphic Design Internship

Hardy Fowler - Medical Illustrator, Video Game

New Orleans, LA

Character Artist, Graphic Designer

During my junior year of highschool, still getting curious about the world of professional creativity, I had the pleasure to intern with Hardy. I observed and sponged in all the knowledge I could about various software, technique, and best practices. I gained an early perspective on the importance of client-customer communication and was able to observe the professional process.

EXHIBITIONS

Fine Art Exhibiton

2009

Ogden Museum of Southern Art

New Orleans, LA

Too cool not to mention, and I'll never let it go! During middle school, my little clay birdhouse was selected to be a part of a student exhibition at the museum. What a way to kick off a love of fine arts!
